**Subject:** RE: Camera Projects Citywide

Hello Mr. Mckay,

The ASAP Unit of the Sheriff's Department is here to assist the City of Carson and Carson Station as technical liaison/experts that will provide guidance to all parties. Our goal is to also help your selected integrator when it comes to installing and integrating the video management system/software with the Carson Station.

Projects 1 and 2 seem to be the same for me. But if there are specific differences please let us know of that. From what I know, the Citywide cameras will be displayed inside the Carson Sheriff's station?

I have also added Captain Damon Jones and Lt. Pasquale Aiello (Carson Sheriff's Station) to this email thread so they are aware of these projects that will have direct impact on their personnel.

Thank you,

Sam

This message is from an EXTERNAL SENDER - be CAUTIOUS, particularly with links and attachments

---

Everyone,

I been tasked with ensuring all of the Citywide camera projects stay on track. I'm not the contract person for these projects with the exception of one.

Project #1 – Camera project with the LA Sheriffs

Project #2 – Citywide Surveillance Cameras

Project #3 – Citywide Cameras and Access Control at all City Facilities **(Ken)**

We have scheduled a meeting with most of you for next week, Tuesday, and welcome any additional staff that any of you may know and should attend as well. I've attached a link to the RFP and Planet Bids questions we received related to Project #3 below. Prior to our meeting next week I would appreciate it, if you would take a look at the these documents and hopefully provide any feedback to help move this along. Also, in an attachment to this message are specific questions from Planet Bids, some of which are highlighted. If anyone can answer those highlighted questions prior to the meeting it will save quite a bit of time during the meeting.

Projects #1 and #2 are completely new to me so I'm simply hoping to get brought up to speed on where we are and provide any assistance where needed.

Please call me with any questions, comments and concerns. Thank you.
